does a time gap exist between the first two verses of genesis in this book you will learn about a controversial lesser known literal interpretation of the genesis narrative that does not contradict the scientific evidence for an old earth commonly called the gap theory or ruin reconstruction interpretation it is a theological interpretation much older than darwin s theory of evolution it is based on the scriptural fact that in the second verse of genesis the holy bible simply and clearly states that the planet earth was already here but in a ruined state before the creative process of the seven days even begins the bible itself provides insight into a great mystery in earth s natural history at what is known as the pleistocene holocene boundary science remains at a loss to definitively explain the ice age and the anomaly of the mysterious mega fauna extinctions across the face of the earth about 12 000 to 10 000 radio carbon years ago geologic evidence from that period indicates

extraordinary global massive volcanism gigantic tidal waves seismic activity on a vast scale and extreme temperature swings on the earth over a geologically brief period of time it is no coincidence that the bible at genesis 1 2 describes the earth as flooded desolate and in darkness in the time frame closely corresponding to these catastrophic events in the earth s natural history clearly these two mysteries are linked the earth has an ancient natural history that can be deciphered from the geologic record but it also has an equally important ancient spiritual history that can only be deciphered from rightly dividing the holy bible knowledge of both is required to correctly reconcile geology and the book of genesis

first published in 1951 genesis and geology describes the background of social and theological ideas and the progress of scientific researches that between them produced the religious difficulties that afflicted the development of science in early industrial england the book makes clear that the furor over on the origin of species was nothing new earlier discoveries in science particularly geology had presented major challenges not only to the literal interpretation of the book of genesis but even more seriously to the traditional idea that providence controls the order of nature with an eye to fulfilling divine purpose a new foreword by nicolaas rupke places this book in the context of the last forty five years of scholarship in the social history of evolutionary thought everyone interested in the history of modern science in ideas and in nineteenth century england will want to read this book

most people believe the seven days of genesis to be some enigmatic description of the earth s geologic history but scripture does not support this there is a time gap between the first two verses of genesis in this book you will learn about a literal interpretation of the genesis narrative that does not contradict the scientific evidence for an old earth the gap theory or ruin reconstruction interpretation is a theological doctrine much older than darwin s theory of evolution it is based on the scriptural fact that in the second verse of genesis the holy bible simply and clearly states that the planet earth was already here in a ruined state before the creative process of the seven days begins the bible itself provides insight into a great mystery in earth s natural history at what is known as the pleistocene holocene boundary science remains at a loss to definitively explain the ice age and the anomaly of the mysterious mega fauna extinctions across the face of the earth about 13 000 to 10 000 radio carbon years ago geologic evidence from that period indicates extraordinary global massive volcanism gigantic tidal waves seismic activity on a vast scale and extreme temperature swings on the earth over a geologically brief period of time it is no coincidence that the bible in genesis 1 2 describes the earth as flooded desolate and in darkness in the time frame closely corresponding to these catastrophic events in the earth s natural history clearly these two mysteries are linked the earth has an ancient natural history that can be deciphered from the geologic record but it also has an equally important ancient spiritual history that can only be deciphered by rightly dividing the holy bible
