gives an overview of the quantum theory and its main interpretations ideal for researchers in physics and mathematics

in imagining illegitimacy mary ebbott investigates metaphors of illegitimacy in classical greek literature concentrating in particular on the way in which the illegitimate child nothos is imagined in narratives employing an approach that maintains that metaphors are a key to understanding abstract ideas ebbott connects the many complex metaphors associated with illegitimacy to the ancient greek conception of illegitimacy the nothos as imagined in ancient greek literature is metaphorically connected to concerns about gender reproduction marriage and concepts of polity by decoding the metaphors of nothos mapped to these concepts readers gain access into these ideas and their relationship to one another the complex portrait of nothos portrayed here examines a wide variety of works from euripides homer sophocles herodotus and many others by analyzing the imagery connected to illegitimate persons ebbott arrives at deep insights on how legitimacy and illegitimacy in greek culture were deeply connected to the concepts of family procreation and citizenry and how these connections influenced cultural imperatives of determining and controlling legitimacy

few if any philosophical schools have championed family values as persistently as the early confucians and a great deal can be learned by attending to what they had to say on the subject in the confucian tradition human morality and the personal realization it inspires are grounded in the cultivation of family feeling one may even go so far as to say that for china family reverence was a necessary condition for developing any of the other human qualities of excellence on the basis of the present translation of the xiaojing classic of family reverence and supplemental passages found in other early philosophical writings professors rosemont and ames articulate a specifically confucian conception of role ethics that in its emphasis on a relational conception of the person is markedly different from most early and contemporary dominant western moral theories this confucian role ethics takes as its inspiration the perceived necessity of family feeling as the entry point in the development of moral competence and as a guide to the religious life as well in the lengthy introduction two senior scholars offer their perspective on the historical philosophical and religious dimensions of the xiaojing together with this introduction a lexicon of key terms presents a context for the xiaojing and provides guidelines for interpreting the text historically in china as well as suggesting its contemporary significance for all societies the inclusion of the chinese text adds yet another dimension to this important study the chinese classic of family reverence is sure to appeal to specialists of comparative and chinese philosophy and to all readers interested in the enduring importance of the family

this work aims to establish theoretical principles for analyzing the group of late 13th and 14th century islendingasogur icelandic family sagas traditionally designated as post classical first the medieval period is examined then the 19th and early 20th centuries are examined
