it has been said that every generation of historians seeks to rewrite what a previous generation had established as the standard interpretations of the motives and circumstances shaping the fabric of historical events it is not that the facts of history have changed no one will dispute that the battle of waterloo occurred on june 11 1815 or that the allied invasion of europe began on june 6 1944 what each new age of

historians are attempting to do is to reinterpret the motives of men and the force of circumstance impacting the direction of past events based on the factual social intellectual and cultural milieu of their own generation by examining the facts of history from a new perspective today's historians hope to reveal some new truth that will not only illuminate the course of history but also validate contemporary values and societal ideals although it is true that tackling the task of developing a new text on logistics and distribution channel management focuses less on schools of philosophical and social analysis and more on the calculus of managing sales campaigns inventory replenishment and income statements the goal of the management scientist like the historian is to merge the facts and figures of the discipline with today's organizational cultural and economic realities hopefully the result will be a new synthesis where a whole new perspective will break forth exposing new directions and opportunities

in 2013 the world tourism organization reported that more than one billion international overnight tourist trips occurred globally during the previous year aside from the impressive number the achievement was even more remarkable given the lingering effects of the global financial crisis

the construction professional has to be a jack of all trades and master of all this text covers a wide range of subjects reflecting the breadth of knowledge needed to understand the dynamics of this large and complex industry this edition introduces extended coverage in the scheduling area to address more advanced and practice oriented procedures such as start to start finish to finish and similar relationship between activities in a network schedule
