in this work a former member of the french resistance examines the roles activities and policies of the diverse jewish organizations that existed in paris during the german occupation from 1940 to 1944

the purpose of this study is to assess the efficacy of the institutions of competition law and policy in dealing with competition issues in the financial services industry the study examines the ability of these institutions to make the appropriate decision regarding bank mergers in the event they are otherwise allowed to occur after the introduction the study reviews merger provisions of the competition act merger enforcement activity and competition tribunal decisions and makes observations on the merger review process it then reviews competition bureau views on competition in the financial services industry bank merger policy in the united states bank merger evaluation in australia and britain and major competition issues including market power efficiencies vertical restrictions such as tied selling and abuse of dominance reference is made to specific court or tribunal cases where relevant the study draws conclusions regarding the effectiveness of the competition act as an instrument for encouraging competition via both merger review and the control of anti competitive conduct

secondary mathematics teachers are frequently required to take a large number of mathematics courses including advanced mathematics courses such as abstract algebra as part of their initial teacher preparation program and or their continuing professional development the content areas of advanced and secondary mathematics are closely connected yet despite this

connection many secondary teachers insist that such advanced mathematics is unrelated to their future professional work in the classroom this edited volume elaborates on some of the connections between abstract algebra and secondary mathematics including why and in what ways they may be important for secondary teachers notably the volume disseminates research findings about how secondary teachers engage with and make sense of abstract algebra ideas both in general and in relation to their own teaching as well as offers itself as a place to share practical ideas and resources for secondary mathematics teacher preparation and professional development contributors to the book are scholars who have both experience in the mathematical preparation of secondary teachers especially in relation to abstract algebra as well as those who have engaged in related educational research the volume addresses some of the persistent issues in secondary mathematics teacher education in connection to advanced mathematics courses as well as situates and conceptualizes different ways in which abstract algebra might be influential for teachers of algebra connecting abstract algebra to secondary mathematics for secondary mathematics teachers is a productive resource for mathematics teacher educators who teach capstone courses or content focused methods courses as well as for abstract algebra instructors interested in making connections to secondary mathematics

international journal devoted to pure and applied research on the use of scientific methods and information processing in business and industry articles may be in english or french

contains articles of significant interest to mathematicians including reports on current mathematical research

memos to the prime minister is for every canadian concerned about this country s future in the current political climate there is an unprecedented level of frustration with our national government and its almost complete lack of opposition faced with mounting scandals real economic and social issues but little political choice we all feel an acute sense of despair over the leadership and policies being offered by the nation s political parties this book assembles a stellar group of contributors from across the country and wide ranging fields business healthcare think tanks policy groups education the arts and others to paint a vision for canada on a broad social canvas their memos offer new advice for the old guard whether impassioned pleas

practical advice thoughtful reflections or reasoned arguments the memos focus on prescriptions for the country's leaders not on rehashing the old familiar problems memos to the prime minister is a provocative look at the present and future of canada and will contribute to the national debate on the political economic and social issues that matter most to canadians
