the purpose of this book is to help the reader recognize the importance of pupil personnel services in the christian school and to provide assistance to those who will initiate such a program in their particular schools pupil personnel services present a special problem to christian school administrators even the smallest school needs all the services we discuss in this volume however when the budget is limited many school officials are reluctant to hire an additional staff member recognizing the problem a small school faces in providing proper personnel we have made a number of suggestions of ways to combine administrative duties with the traditional role of the counselor we have divided the various duties of the guidance counselor into three categories administrative counseling and clerical not all of the counselor s activities lend

themselves to these divisions but we have followed this approach in the interest of all readers including those who may not be familiar with the guidance aspect of education the first three chapters provide the foundation for the remainder of the book these three chapters along with chapter 14 are addressed to the administrator and others responsible for the overall supervision of the school chapters 4 through 13 provide instruction for the one responsible for carrying out the counselor s duties it is our conviction that the ministry of the local christian school can be greatly enhanced by a well planned program of pupil personnel services we trust that you will give serious consideration to the ideas presented here preface
