from her personal diary as an eleven year old in a catholic girl s school in which she chastises herself for the sin of wearing a bathing suit through erudite analysis of the patriarchal structures on which most world communities stand elena garczs examines culture history economics law and religion as they apply to her native colombia in so doing she promotes ideas which demolish the forced enclosure of women in that society eighteen colombian women selected at random from many regions and ethnicities and from up and down the socioeconomic ladder tell life stories almost universally tragic regardless of the wealth education age or status derived from positions held by their husbands their experiences in particular the ways in which family and institutions are used against them illustrate the feminist theories around which garczs shapes her arguments this book will be ideal for undergraduate students of women s studies latin american studies religion and sociology it will also appeal to scholars interested in the welfare and development of women

this global survey starts from the assumption that the significant transformations in women s lives deserve to be fully documented and interpreted janet mancini billson and carlyn fluehr lobban tackle the complexities of social change by using data from countries in every world region to illustrate the most critical challenges that women faced during the last century challenges that are also likely to shape the 21st century global knowledge and feminism dovetailed in the 20th century fed by international air travel telecommunications the internet and a growing awareness that solving female oppression would improve the lot of all humankind the authors therefore adopt a strong international comparative cross cultural and feminist

framework that uncovers the fundamental processes that promote sustain or degrade the female condition at the heart of female well being are case studies written by country teams of scholars educators and policy analysts in canada the united states colombia iceland the united kingdom croatia japan bangladesh thailand south africa and sudan female well being is measured by analysing trends in infant mortality maternal mortality literacy life expectancy education work income family structure and political power these trends are contextualised in the light of the century s major events legislative initiatives social policies and leadership to illustrate the processes that enhance sustain or detract from the female condition this book will be a critical resource for academics development experts and policy analysts

the cocaine trade between the united states and colombia has perhaps caused more harm for two friendly countries than any other peacetime event in history as the trade developed in the 1970s most of the efforts went to interdicting the flow of the drug to the united states little attention was given to decreasing the evergrowing american appetite for cocaine this failed policy allowed the cocaine trafficking to flourish in the 1980s resulting in untold deaths in both countries and countless dollars being spent in a futile effort to win the drug war the author supervised the antinarcotics operations of the american embassy in bogot as the deputy chief of mission and charg daffaires during the late 1970s this work provides for the first time an insiders account of the formative years of the american drug policy and the failure of the u s and colombian governments to form an alliance against the cocaine traffickers during this critical period the earlier history of the u s and colombian relations is covered providing background to the failed drug policy recommendations for fundamental changes in the u s drug policy conclud

the vision of this book is to bring together examples of grounded geographic research carried out in latin america regarding territorial processes these encompass a range of histories processes strategies and mechanisms with case studies from ten countries and many regions struggles to reclaim indigenous lands conflicts over land resource environmental services competing land claims urban territorial identities state power strategies commercial involvements and others the case studies included in the book represent a wide diversity of theoretical and methodological framings currently deployed in latin america to help interpret the patterns and processes through the conceptual lenses of territory territoriality and territorialization interrogating the meanings of territory introduces multiple spatial socio cultural and political concepts including space place and landscape power control and governance and identity and gender

collection of studies on the need for institutional change in the economic structure as a precondition for economic development in colombia covers the social structure the role of the church political leadership land tenure implications for agrarian reform innovation in agriculture as a factor of social change education rural migration urbanization labour mobility public administration etc
