scripts interviews photos and critical commentary documenting the riotous beginnings of this long lived experimental theater space for women

this book demystifies the world of augmentative and alternative communication aac in speech and language therapy explaining key terminology and guiding clinicians through the research underpinning successful clinical practice spanning a range of clinical groups and all ages it introduces a holistic framework to support clinicians along the journey from assessment to implementation key features include current research and evidence based practice broken down into accessible chunks clear easy to read explanations of the components of aac systems and their importance an insight into the challenges faced when supporting aac users and solutions to overcome these the voices of aided communicators woven throughout re telling their experiences and how clinicians can best support them to use aac photocopiable clinical resources including assessment checklists and advice sheets for families and people who use aac rooted in lived experience this book suggests practical solutions for supporting a person to have a positive experience of being an aided communicator it is an invaluable resource for experienced clinicians speech and language therapists and allied professionals as well as those new to the world of aac both now and in years to come

includes entries for maps and atlases

in the room with men explores theories of masculinities current research on the psychology of men and how these ideas are applied in clinical practice men enter therapy less frequently than women and when they do therapy can be quite different than it is with women clients to work with men successfully therapists must be aware of these differences and often must adjust their approach although a growing amount of research addresses the mental health issues that men face it is hard to find anything in the literature documenting the experiences of therapists working with men or ways to tailor therapy to their unique needs the contributing authors of this volume remedy this situation by bringing readers into the counseling room with their male clients and describing their personal views about and their particular approach to working with men at the heart of each chapter is a case narrative giving readers a hands on feel for how therapy works with male clients and insight into how and why therapists make certain clinical decisions backgrounds and in so doing highlight how notions of masculinity intersect with other aspects of culture over the course of the volume these case examples and discussions paint a clear picture of the clinical realities of working with men featuring empirical discussions throughout the volume as well as a comprehensive theory and literature survey in the room with men effectively combines research theory and actual practice making this a must have resource for all mental

health practitioners
