designed for doctors studying for their mrcp exams this edition has been rewritten and updated to include major areas which have increased in importance aids etc 300 multiple choice questions are arranged by subject chapters including one complete mock exam basic sciences and statistics are represented and correct answers teaching notes and hints on examination technique are also included

this book of mcqs is based on past college questions and covers the complete range of topics which commonly appear in the mrcog examination it includes correct answers teaching notes a self marking scheme and two complete practice examinations which provide a good method of self assessment for candidates the book also includes a recommended reading list for further study and an mcq revision index for easy reference to specific topics

postgraduates revising dermatology can face a lack of appropriate aids but this text is specifically designed for postgraduate examinations and is the perfect accompaniment for the diploma in dermatology

the aim of this book is to provide a selection of representative mcqs together with a detailed explanation of each answer covering the topic in depth each chapter has been written by experienced urological surgeons who have already been successful in passing the examination the scope of this book will be an invaluable addition to individuals sitting the febu and similar exams in the usa australia and asian countries established consultants may also find the text useful as a refresher in areas outside their subspecialist interest

completely up to date with the latest examination changes get through mrcpsych mcqs for paper 1 contains 640 best answer 1 of 5 multiple choice questions mcqs presented in a format closely matching the new syllabus modelled on actual exam questions so that they accurately reflect the style and level of difficulty candidates can test and assess

this book provides up to date multiple choice questions developed using information from recent international publications and guidelines it is ideal for any student in occupational medicine and is intended as a revision aide and as a tool for practicing multiple choice questions it can be used by students in occupational medicine in any jurisdiction

reflecting the new syllabus and new mrcpsych exam launched by the royal college of psychiatrists this book contains more than 450 multiple choice questions covering paper 2 closely matched to the exam these mcqs are supported by detailed explanatory answers and revision notes
