in this carefully researched analysis raphael and jennifer patai begin by defining race they then develop the idea of the existence of races through history in rich and fascinating detail the authors consider the effects of intermarriage interbreeding proselytism slavery and concubinage on the jewish population from biblical times to the present new material explores the psychological aspects of the jewish race issue the jewish psyche and the consequences of the 1975

united nations resolution equating zionism with racism a revised and updated scientific section on the measurable genetic morphological and behavioral differences between jews and non jews supports the conclusion that the idea of a jewish race is indeed a myth

as a youth the author who had two jewish grandparents was defined as a jew by vichy france his parents however refused to register the family as jews in march 1944 corcos and his brother fled to spain and joined the allied forces in north africa states that antisemites consider jewishness to be inherited and to embody inferior evil traits this view is based on two false biological premises that there are pure races of humans and that some races are superior to others rejects these premises by considering modern biology and jewish history the latter indicates that the jews cannot be a race due to their lack of sexual isolation diversity among jews is a result of both intermarriage and proselytism sees the spanish limpieza de sangre statutes and the inquisition as precursors of nazi racism observes that sometimes jews have joined antisemites in accepting biological determinism intermarriage in countries such as china india and the usa has led to considerable biological diversity among jews and to the reduction of diversity between jews and non jews if such diversity existed at all stresses that if antisemites have worried about contamination of their race by the jews they have already missed the boat since jews have mixed with non jews for many centuries

ernest renan was one of the intellectual giants of the second half of the nineteenth century in france the man who first opened up the study of nationalism in this book shlomo sand the author of the best selling the invention of the jewish people demonstrates the complexity of renan s thought sand shows the relationship of renan s work to that of key twentieth century thinkers on nationalism such as raymond aron and ernest gellner and argues for the continued importance of studying renan alongside his essay sand presents two classic lectures by renan the first the renowned what is a nation argues that nations are not based upon race religion and language in the second he uses historical evidence to show that the jews cannot be considered a pure ethnos on the nation and the jewish people is an important contribution to the understanding of nationalism bringing back into play the work of a profoundly misunderstood thinker

from the original legends of the bible to the peace accords of today s newspapers this engaging one volume history of the jews will fascinate and inform 30 illustrations
