what does it mean to be a pakistani can it mean more than one thing and what do others think it means ziauddin sardar explores what makes a pakistani and whether it s something one wants or ought to be reflecting on his culture and heritage through tales of the pakistanis in his life a person of pakistani origins is a whirlwind tour of dueling poets bollywood films a bookish auntie who harbors feminist urges and a vanishing uncle who reappears miles away

thoughtful and generously laced with humor this book delves deep into pakistan s eclectic culture and the humble insanity of everyday life for a person of pakistani origins sardar richly celebrates the importance of where we come from and of who we become

federalist solutions to pakistan s political crises investigates the transformative potential of communal democratic norms within pakistan s politico economic sphere analyzing the current consociational structure which inordinately predicates federal organization on ethnic identity the book reveals the particular challenges facing pakistan exacerbated by the imposition of neoliberal norms on its society and economy advocating for a localized centripetalist model sikander ahmed shah proposes leveraging power sharing to counter the prevailing hegemonic trends and to foster greater sociocultural cohesion within pakistan s diverse polity this model entails dividing pakistan s federal provinces into smaller diverse entities more reflective of their particular constituent demographics while integrating key democratic principles such as distributive justice grassroots democracy minority protections and multiculturalism into its governance structures the book explores pakistan s civil military asymmetry emphasizing the influential role of the military establishment and its intertwined relationship with preexisting inter ethnic tensions the analysis also extends to the china pakistan economic corridor cpec examining its impact on pakistan s federal structure socio economic fabric and civil military dynamics within the context of china s distinctive economy throughout the work seeks to provide locally relevant and indigenously viable solutions for positive and equitable outcomes challenging historical power imbalances that have marginalized certain groups in pakistan

drawing on contributions from leading academics in the field this volume within the routledge series in human resource development specifically focuses on global human resource development hrd specifically the volume provides an overview of 17 regions 85 countries and includes one emerging market grouping civets this book examines the role of the state in hrd the relationship between hrd and the level of economic development in the country or region the influence of foreign direct investment within the country or region and firm level hrd practices within countries or regions global human resource development analyzes hrd from institutional and cross cultural perspectives making it possible for the first time to analyze trends across countries and regions and to draw conclusions about the value of institutional and cross cultural perspectives in the hrd context there is currently no book on the market that conceptualizes the discipline of global hrd in this way making this a definitive book on hrd across the globe of particular interest to researchers and reflective practitioners

this book focuses on the implementation of the china pakistan economic corridor cpec a multi billion dollar infrastructure development project intended to connect asia with europe the middle east and africa by introducing a new analytical approach to the study of economic corridors it gauges the anticipated economic and geopolitical impacts on the region and discusses whether the cpec will serve as a pioneer project for future regional cooperation between and integration of sub national regions such as balochistan khyber pakhtunkhwa the federally administered tribal areas and gilgit baltistan further it explores the interests

expectations and policy approaches of both chinese and pakistani local and central governments with regard to the cpec s implementation given its scope the book will appeal to regional and spatial sciences scholars as well as social scientists interested in the regional impacts of economic corridors it also offers valuable information for policymakers in countries participating in the belt and road initiative or other chinese supported development projects

the first book to explore the modern history of islam in south asia the first modern state to be founded in the name of islam pakistan was the largest muslim country in the world at the time of its establishment in 1947 today it is the second most populous after indonesia islam in pakistan is the first comprehensive book to explore islam s evolution in this region over the past century and a half from the british colonial era to the present day muhammad qasim zaman presents a rich historical account of this major muslim nation insights into the rise and gradual decline of islamic modernist thought in the south asian region and an understanding of how islam has fared in the contemporary world much attention has been given to pakistan s role in sustaining the afghan struggle against the soviet occupation in the 1980s in the growth of the taliban in the 1990s and in the war on terror after 9 11 but as zaman shows the nation s significance in matters relating to islam has much deeper roots since the late nineteenth century south asia has witnessed important initiatives toward rethinking core islamic texts and traditions in the interest of their compatibility with the imperatives of modern life traditionalist scholars and their institutions too have had a prominent presence in the region as have islamism and sufism pakistan did not merely inherit these and other aspects of islam rather it has been and remains a site of intense contestation over islam s public place meaning and interpretation examining how facets of islam have been pivotal in pakistani history islam in pakistan offers sweeping perspectives on what constitutes an islamic state

in an interconnected world the ability to generate new ideas technologies and solutions can transform communities reduce inequalities and create sustainable progress by investing in education research digital infrastructure and collaborative networks societies may reveal human potential and bridge knowledge gaps whether through formal institutions grassroots initiatives or digital platforms the circulation of knowledge fosters resilience opportunity and long term improvement across sectors and populations knowledge creation and sharing for social and economic development explores transformative strategies and emerging trends that shape the future of work and the role of knowledge creation and sharing it examines the evolution of work in dynamic industries knowledge sharing platforms for inclusive development and innovative sustainability practices powered by digital transformation this book covers topics such as knowledge management social media and digital technology and is a useful resource for business owners sociologists economists engineers academicians researchers and scientists

the water policy issues are well documented in a large set of reports and studies completed over time showing that the policy prescription and its implementation has been weak in the past as this book reveals the key reforms initiated were lost due to a lack of government's will and commitment and more so by pervasive political economy of water given this background each chapter in the book follows a balanced approach in seeking and evaluating alternate solutions to water management issues especially improvements in water governance and tackling new challenges emerging from the climate change in the short and long term this approach underpins the importance of moving from the culture of piloting projects to actual implementation on an impact oriented scale the book would also highlight that most of the water solutions lie outside the water sector such as agriculture population economy etc post covid 19 policies are exploring new food health nexus that calls for nature based solutions for our future agriculture growth the book would show case pioneer work underway in pakistan on how new policy discourse can reduce water use in agriculture without investing in expensive water technology and infrastructure thus saving enough water for other competing purposes

in the middle of august 1947 two nations the dominion of india and the dominion of pakistan came into being through a partition of the british indian empire the princely states which owed their existence to the british acceded to either of the two dominions jinnah as governor general of pakistan and nehru as prime minister of india took the oath of office swearing allegiance to george vi who was still the king of both the dominions but no longer the rex imperator or king emperor the dominions eventually emerged as the republic of india in 1950 and the islamic republic of pakistan in 1956 twenty five years on in 1972 a third country the people's republic of bangladesh was born out of the liquidation of east pakistan a united india if it had been preserved may have been an equal militarily and economically of the people's republic of china arun bhatnagar's book is an engaging and absorbing account of a subcontinent that passed through the high noon of empire saw unity dissolving into division and experienced euphoria and despair progress and tragedy victory and defeat the narrative during the years 1911 1999 traverses by way of the life story of an indian member of the ics later a practicing barrister and politician various dimensions of history politics economy culture and administration the afterword conveys the reader into the twenty first century when unfriendly neighbours are in alliance to thwart new delhi's interests
