this book contains the solutions to problems in the main introduction to financial accounting textbook this text is intended for a first course in introductory financial accounting it was updated to reflect current international financial reporting standards ifrs

for example it reflects the recent change in ias38 para 98 allowing the use of multiple methods in amortizing intangible assets it focuses on core introductory financial accounting topics that match pre requisite requirements for students advancing to intermediate financial accounting excluded are advanced topics that are covered in intermediate financial accounting such as leases and bond amortization the text takes a corporate approach vs beginning with a sole proprietorship emphasis and then converting to a corporate approach this consistency throughout the book reduces confusion for the introductory student

for colleges and universities around the world john wiley sons is proud to announce financial accounting ifrs edition by jerry j weygandt paul d kimmel and donald e kieso which incorporates international financial reporting standards ifrs into the existing textbook framework on almost every page the book addresses every accounting topic from the perspective of ifrs while still highlighting key differences between ifrs and us gaap following the reputation for accuracy comprehensiveness and currency the authors have painstakingly created a book dedicated to assisting students learning accounting topics under the rules of ifrs

the standards set by the iasb are the authoritative requirements of international financial reporting but their interpretation and practical application require something more this text provides interpretation and guidance on the practical application of the new reporting regime
