artificial intelligence has now become an indispensable tool at the centre of problem solving in a huge range
of digital technologies and remains one of the most vibrant topics for discussion and research this book
presents a compilation of the articles presented at the 22nd 2019 edition of the international conference of
the catalan association for artificial intelligence ccia held in mallorca spain from 23 25 october 2019 this
annual conference is an international event that serves as a meeting point for researchers into artificial
intelligence based in the area of the catalan speaking territories and for researchers from around the world

the book is divided into 8 sections the first contains summaries of the 3 invited talks presented at the conference new methods for fusing information and the computational brain by javier fernandez from correlation to imagination deep generative models for artificial intelligence by joan serrà and explainable ai by anna monreale the remaining 7 sections contain 47 papers covering ethics and e governance machine learning constraints and sat optimization and fuzzy data science recommender systems and decision support systems agent based and multi agent systems computer vision and sentiment analysis and text analysis the book provides an overview of the latest developments in the field and as such will be of interest to all those whose work involves the study and application of artificial intelligence

the routledge handbook on climate change and health system sustainability takes the reader on a journey to understand the interconnectedness of human health climate change and healthcare systems the book begins by exploring how climate change is affecting human health through the increasing frequency of natural disasters such as bush fires droughts and heatwaves and the emergence of new infectious diseases such as the sars cov2 virus all of which drive up demand for health services that are already heavily burdened by increasing rates of chronic diseases and ageing populations chapters then turn to the contribution of the healthcare system itself to climate change explaining how current clinical practices including wasteful care of low value create an unsustainable carbon footprint and threaten the very viability of healthcare systems throughout the volume descriptions of practical solutions and implemented case studies are used to illustrate the feasibility of taking action in the real world of the healthcare delivery ecosystem bringing together a mix of forward thinking environmental and health researchers policymakers leaders managers clinicians patients and health industry leaders to clarify the current state and future of sustainable healthcare systems this book will be of interest to researchers and policymakers of climate and health systems

the working group ii contribution to the sixth assessment report of the intergovernmental panel on climate change ipcc provides a comprehensive assessment of the scientific literature relevant to climate change impacts adaptation and vulnerability the report recognizes the interactions of climate ecosystems and biodiversity and human societies and integrates across the natural ecological social and economic sciences it emphasizes how efforts in adaptation and in reducing greenhouse gas emissions can come together in a process called climate resilient development which enables a liveable future for biodiversity and humankind the ipcc is the leading body for assessing climate change science ipcc reports are produced in comprehensive objective and transparent ways ensuring they reflect the full range of views in the scientific literature novel elements include focused topical assessments and an atlas presenting observed climate change impacts and future risks from global to regional scales available as open access on cambridge core

collection of the monthly climatological reports of the united states by state or region with monthly and annual national summaries

in her eminently readable memoir about turning darkness back into light people the nationally bestselling author of *Good Hair* candidly shares her journey from having it all to plunging into a deep depression after her beloved mother's death and finally climbing back out benilde little's life appeared perfect a bestselling novelist with two beautiful children a handsome husband a gorgeous home and good friends she had every reason to feel on top of the world she was mindful of the sacrifices that enabled her to prosper and never took the good life for granted but when illness and aging overtook her parents and other challenges suddenly loomed she went into a tailspin of clinical depression little chronicles her descent into a cavern so dark and impenetrable that she didn't know if she'd ever recover but as she learns the only road out of depression is through it she reflects back on her protected upbringing in newark new jersey celebrates her remarkable mother and tracks her youth from an early relationship with the nation of islam to the city life of a young professional to the domesticity of the suburbs after finding herself sandwiched between the twin demands of elder care and childcare she explores how with therapy and introspection she regained her voice and mapped a way out of her depression writing in the courageous tradition of great female storytellers such as joan didion nora ephron and pearl cleage little doesn't hold back as she shares insights inspiration and intimate details of her life with her trademark candor and fearlessness powerful relatable and ultimately redemptive welcome to my breakdown is a remarkable memoir about the strength within us all to rise from despair and to feel hope and joy again
