while religious conflict receives plenty of attention the everyday negotiation of religious diversity does not questions of how to accommodate religious minorities and of the limits of tolerance resonate in a variety of contexts and have become central preoccupations for many western democracies what might we see if we turned our attention to the positive narratives and success stories of the everyday working out of religious difference rather

than tolerance and accommodation and through the stories of ordinary people this book traces deep equality which is found in the respect humour and friendship of seemingly mundane interactions deep equality in an era of religious diversity shows that the telling of such stories can create an alternative narrative to that of diversity as a problem to be solved it explores the non event or micro processes of interaction that constitute the foundation for deep equality and the conditions under which deep equality emerges exists and sometimes flourishes through a systematic search for and examination of such narratives lori g beaman demonstrates the possibility of uncovering revealing and recovering deep equality a recovery that is vital to living in an increasingly diverse society in achieving deep equality identities are fluid shifting in importance and structure as social interaction unfolds rigid identity imaginings especially religious identities block our vision to the complexities of social life and press us into corners that trap us in identities that we often ourselves do not recognize want or know how to escape although the focus of this study is deep equality and its existence and persistence in relation to religious difference deep equality is located beyond the realm of religion beaman draws from the work of those whose primary focus is not in fact religion and who are doing their own deep equality work in other domains illustrating especially why equality matters by retelling and exploring stories of negotiation it is possible to reshape our social imaginary to better facilitate what works which varies from place to place and time to time

why has child care legislation developed along its present course how did the political players influence lawmakers what do the politics of child care legislation over the past thirty years indicate for the future based on more than one hundred interviews with legislators and executive branch officials archival research and secondary sources this book looks at the politics behind child care legislation rather than analyzing child care as a work and family issue identifying key junctures at which major child care bills were introduced and debated 1971 1990 and 1996 sally cohen examines the politics surrounding each of these events and identifies the political structures and negotiations that evolved in the intervening years in addition cohen looks at the impact the election of president clinton has had on child care policymaking and how child care legislation became part of other issues including welfare reform crime prevention school readiness and tax policy revisions

one of the liveliest areas of research in the social sciences is reading scholarly activity is currently proceeding along a number of different disciplinary lines addressing a multitude of questions and issues about reading a short list of disciplines involved in the study of reading would include linguistics psychology education history and gerontology among the important questions being addressed are some long standing concerns how are reading skills acquired what are the basic components of reading skill how do skilled readers differ

from less skilled ones what are the best ways to approach instruction for different groups of readers young beginning readers poor readers with learning problems and teenage and adult illiterates how can reading skill best be measured what standardized instruments and observational techniques are most useful the large volume of textbooks and scholarly books that issue forth each year is clear evidence of the dynamic nature of the field the purpose of this volume is to survey some of the best work going on in the field today and reflect what we know about reading as it unfolds across the life span reading is clearly an activity that spans each of our lives yet most accounts of it focus on some narrow period of development and fail to consider the range of questions that serious scholarship needs to address for us to have a richer understanding of reading the book is divided into four parts

this is an open access title available under the terms of a cc by nc nd 4 0 licence it is free to read at oxford scholarship online and offered as a free pdf download from oup and selected open access locations developments in attachment research explores the contributions of several research groups in developmental science that have shaped the study of attachment and caregiving in recent decades each with a different image of the history of attachment research of the nature of attachment and why and how attachment research might be valuable in tracing changes in attachment theory over time the book examines the development of scientific evidence and breakthroughs the book also examines attachment research within developmental psychology as a culture considering its leadership kinship structures symbols conflicts points of entry or exit and the pressures and opportunities to which it has responded or failed to respond
