the information about the book is not available as of this time

this classic has been completely updated for the second edition john robinson the technical editor of performance bikes explains how various stages of engine tune are reached and describes typical development work with enough theory to devise a practical development programme the phenomena described are all known to work the trick is making them all work together engine development is slow and expensive but the results can be very rewarding both in competition and in the sheer pleasure of using a motor which is crisp and perfectly set up although it is not possible to make all round engine improvements other than those gained by careful assembly to the exact stock tolerances improvements in one area can be

traded for losses in another increases in high speed power balanced perhaps against losses in low speed power engine flexibility and reliability john robinson takes the reader through the processes which are necessary to make your four stroke run perfectly will be promoted by performance bikes

originally published in the house of haunts anthology by parlor ghost press an imprint of watertower hill publishing llc after her third divorce heiress audrey martell is rambling alone in the notoriously haunted hale house none of the mansion's ghosts pierce the daze of her depression until she finds a 1967 datsun fairlady that had been left in the garage before she bought the house when the car communicates with her she decides to restore it but as audrey brings the old convertible back to life a dark murderous past is revealed to her one that will affect her present
