shrimp is bangladesh s main agricultural export and makes a substantial contribution to the economy of southern bangladesh but the sector has a checkered history bangladesh s shrimp production and exports have been in steady decline since peaking in the early 2010 s most shrimp exports from bangladesh are used by the food service and niche ethnic markets in europe the complex nature of shrimp supply chains in bangladesh comprised of hundreds of thousands of small polyculture farms and tens of thousands of small traders make it difficult to implement traceability and certification initiatives now a prerequisite for entry into most supermarket supply chains this report provides an overview of the sector and the challenges it faces drawing on secondary and survey data reviews of government reports and academic literature we also report the findings of an expert consultation conducted to identify key constraints and potential solutions the consensus among industry stakeholders who were part of the expert consultations is that issues related to the supply and quality of shrimp seed and pond management practices represent some of the most pressing yet relatively simple to solve challenges currently faced by the sector this would serve as the foundation for establishing traceability and certification processes previous interventions aimed at upgrading production practices such as promoting stocking of disease free shrimp seed and facilitating disintermediation and transparency in the supply chain such as by establishing producer groups shrimp collection centers and contracts with processors have met with limited success we outline potential interventions and partners that might offer scalable solutions enabling small shrimp farmers to access global markets

the major purpose of this study is to determine the extent of poverty and ascertain the causes and possible ways for poverty alleviation as perceived by the rural people poverty alleviation was measured by computing the change in food availability sources of drinking water physical assets sanitation and increasing scope of income due to involvement in the chars livelihoods programme clp field work for the study was carried out in haldia union of shaghata upazila under gaibandha district of bangladesh data was

collected from january to february 2007 from a randomly selected sample of 102 clp beneficiaries from a total of 148 through personal contact by using interview schedules made by the researcher himself which contained simple and direct questions with different scales the paired t test was used to measure the comparative change of before and after involvement in clp pearson product moment correlation co efficient was computed in order to explore the relationship between the selected characteristics of the respondents and their poverty alleviation

this book is about mental health in bangladesh bangladesh is a densely populated country in south asia with a population of about 170 million it has seen significant economic growth over the last decades and it has recently improved from being a low income country to a lower middle income country currently bangladesh is facing a double burden of disease i e both communicable and non communicable about 60 of the disease burden is incurred by non communicable diseases mental disorders are one of the top five burdens of non communicable disease in the country however psychiatry is a neglected issue in bangladesh there are high stigma services gaps out of pocket expense low mental health literacy and extreme scarcity of budget academically it has also been under addressed and under researched therefore the editor aims to provide a comprehensive book on mental health in bangladesh based on existing evidence and expertise focusing on academic aspects of community mental health service

this book adopts the multidimensional nature of innovation as its point of focus and offers a comprehensive analysis of contemporary governance issues in bangladesh each chapter views those issues from its own disciplinary perspective but all share a common focus on the current process in the governance of innovation the authors show how the processes of innovation and public service delivery are influenced while there is simultaneously a striving for a digital bangladesh the book presents innovation as a complex phenomenon with multidisciplinary viewpoints affecting its governance as well new practices developments and empirical research are shown here the aim is to point out the most persistent difficulties in public administration and public service delivery with an emphasis on how to deliver public service in bangladesh in a sustainable manner although significant transformations have been made recently for a better organized public sphere public services still must be more closely in line with what citizens need rather than what service providers are prepared to deliver this published work speaks strongly to a wide ranging audience from scholars of governance and innovation management to academics researchers and postgraduate students interested in public service delivery innovations in bangladesh and south asia indeed the book serves as a text and valuable resource for postgraduate courses in politics business administration economics political science development and governance in south asia

social transformation in bangladesh explores the social political and cultural implications of the unprecedented economic development that has occurred in bangladesh since its independence in 1971 in the 1970s bangladesh was labelled an international basket case because of food insecurity and low levels of per capita income with high population growth and various social problems defying overwhelming odds however a societal transformation is underway in bangladesh with diverse opportunities and challenges this edited book analyses issues of inclusivity extractivism sustainability and equitability as it takes a look at the interconnected metamorphosis of the economy society culture and the environment of bangladesh discussing topics from the products of post industrial society such as youtube sensations and digital labour platforms to groups that have suffered marginalisation for decades such as the urban poor and indigenous peoples a wide array of scholarship and case studies are used to analyse the challenges and opportunities offered by the process of societal transformation with insights from multidisciplinary scholars this collection will be of great interest to those specialising in the fields of sociology political science anthropology development refugee and migrant studies media studies labour studies health and indigeneity

this book provides a broad ranging analysis of the growth and impact of political islam in bangladesh and reactions to it grounded in empirical data experts examine the changing character of bangladeshi politics since 1971 with particular focus on the convergence of governance islamism and militancy it is a timely incisive and original examination of the rise of political islam and islamic militancy in bangladesh

experiencing climate change in bangladesh vulnerability and adaptation in coastal regions provides a conceptual and empirical framework for understanding the vulnerability of coastal communities in bangladesh to multiple stressors and presents the process by which rural households adapt their livelihoods the livelihoods of the poor people in many developing countries are disproportionately vulnerable to multiple shocks and stresses the effects of climate change interacting with these livelihood disturbances

further amplify human vulnerability future climate change is likely to aggravate this precarious situation this book offers a solid framework for analyzing the process and components of adaptation of rural livelihoods to a changing hydro climatic environment and presents empirical evidence of livelihood adaptation at the local level the book creates a knowledge base for the small island developing states sids experiencing similar socio economic and climatic conditions also fills a market need by providing a conceptual framework case studies and reflections on lessons learned from policy responses for vulnerability reduction and adaptation to climate variability extremes and change presents an analyses based adaptation to climate change in a holistic way that takes into account social economic and environmental stressors and their interrelationships examines synergy between disaster risk reduction climate change adaptation and social protection in the context of bangladesh provides examples of successes and failures in climate change adaptation invaluable for developing countries in similar situations fills a market need by providing a conceptual framework case studies and reflections on lessons learned from policy responses

since its independence in 1971 bangladesh has made remarkable progress in terms of reducing poverty levels achieving high levels of economic growth over a sustained period of time and meeting its millennium development goals mdg targets set by the united nations with some justification bangladesh is considered an international development success story and the country appears to be well on track to meet its policy target of becoming a middle income country by 2021 the same year the country will celebrate 50 years of independence this book explores the central issue of bangladeshi politics the weakness of governance the coexistence of a poor governance track record and a relatively strong socioeconomic performance makes bangladesh an intriguing case which throws up exciting and relevant conceptual and policy challenges structured in four sections political settlement elites and deep structures democracy citizenship and values civil society local context and political change informality and accountability the book identifies and engages with these challenges chapters by experts in the field share a number of conceptual and epistemological principles and offer a combination of theoretical and empirical insights and cover a good range of contemporary issues and debate employing a structurally determinist perspective this book explains politics and society in bangladesh from a novel perspective academics in the field of governance and politics in developing countries with a focus on south asia and bangladesh will welcome its publication

this book is the first of its kind to offer an understanding analysis and prediction of the state of civil society in bangladesh in relation to development and democracy it is a research attempt to reveal the paradox found in developing countries like bangladesh where there are numerous and active civil society organizations csos that have had almost no influence in consolidating democracy this book however also qualifies the normative assumption on the positive relationship between civil society and democracy asserted by the mainstream neo toquevillean school that has a profound influence on donor policies readers are introduced to civil society in bangladesh from a broad perspective rather than confining the analysis to ngos chapters explore the origin nature and function of both modern and conventional csos which helps to provide a more authentic understanding of the genuine state of civil society in relation to other actors in the political system combining survey data analyses and empirical observations with carefully chosen case studies the book reveals that csos participate very actively in social services this research also reveals that these highly active csos in the field of social development lack the necessary attributes for ensuring participation proper interest articulation and monitoring of the state through systematic analysis the book shows that political structures and for bangladesh particularly political parties along with vertical social relationships such as clientelism patronage nepotism and corruption have contributed to a non vigilant civil society in bangladesh although it often is spoken of in different terms this book is highly recommended for researchers students and development practitioners interested in south asia as well as in understanding the potentials and limitations of civil society in relation to development and democracy farhat tasnim s book is a comprehensive treatment of civil society in bangladesh it will serve as a useful resource for future researchers in this field for a long time to come harry blair yale university usa farhat tasnim provides in this book a new perspective on one of the essential cases of civil society study bangladesh her penetrating analysis of the relationship of civil society organizations and democracy in bangladesh should attract a wide readership this is an important book not only for students of bangladesh but for scholars and practitioners interested in the relationship of civil society organizations and democracy robert j pekkanen university of washington usa

this book addresses disaster and disaster risk reduction drr practices constraints and capacity in the context

of coastal bangladesh located in the lower riparian of the bay of bengal bangladesh has to face frequent disasters such as floods cyclones river erosion salinity intrusion as well as drought drawing together a range of multidisciplinary perspectives coastal disaster risk management in bangladesh explores the connection between climate change and drr issues in this region the editors reorganize disaster studies around social and physical changes that can reduce these risks and put at risk populations on a stronger footing by making risk reduction the focus these include measures to improve disaster preparedness to boost recovery by creating better disaster planning and programs and physical and social initiatives to improve disaster resilience also analyzing the gender perspective the volume also utilizes the local knowledge framework to consider whether these populations have resilient knowledge that needs to be incorporated into initiatives based on advanced technology and perspectives this book will be of interest to academics researchers students policymakers and practitioners in the field of disaster drr and governance climate change climate change adaptation cca and the environment

good policies are an important prerequisite of good governance and any effort to change one is likely to affect the other in emerging democracies such as bangladesh a redefinition of roles and responsibilities of different actors in the policy and governing process can be noticed this book identifies and analyses issues related to the making and implementation of public policies in bangladesh over the last four decades 1972 2012 it explores the implications of the change that has taken place in policy and governance environment in bangladesh focusing on several important sectoral and sub sectoral policies it examines the impact and limitations of the change chapters are structured into four parts public policy bureaucracy and parliament cases of public policy women in governance and public administration ethics innovations and public service delivery and the book is a valuable resource for researchers in the field of development studies public policy and south asian politics

this book discusses the energy issues facing bangladesh specifically the lack of access to electricity that impedes overall development in depth chapters examine critical energy problems and provide possible solutions including energy conversion and energy efficiency and the utilization of energy reform strategies for further development of the energy sector this book is useful to students and practitioners seeking a clearer understanding of contemporary energy issues energy markets and their sustainable development including modern technologies for energy conversion from waste and strategies for efficiency it presents thought provoking ideas and strategies to help bangladesh achieve sustainable development goals sdgs and transition to an upper middle income country by 2021 through the utilization of proper energy policies

this book would be a valuable reference book for academics teaching and researching climate change and environmental governance this book would be useful to students studying environmental planning science and management and social sciences especially human geography environmental sociology development studies and community engagement the book will have an audience in both developed and developing countries due to the global significance of climate change and universal nature of human vulnerability to climate change international development organizations working in developing countries such as world bank asian development bank united nation s development program and international and local ngos like world vision care international and grameen bank and their workers would be particularly interested since many of these organizations have specific programs for climate affected regions

this book provides a supportive lending hand to researchers of constitutional law worldwide about the constitutional law of bangladesh moreover this book discusses the evolution and development of the constitutional law of bangladesh over 50 years from its embryonic stage with reference to comparative constitutional law this book is a very useful resource for the comparative constitutional researchers as readers will be able to easily interpret the constitutional law of bangladesh from national regional and global constitutional law perspectives this book celebrates the fiftieth anniversary of the constitution the first of its kind to portray the journey of constitutionalism in bangladesh comprehensively with intellectual observations and palatable recommendations for improvement this book looks back to the constituent assembly debates intention of the constitution makers and how have those dreams and aspirations have come into realities what goals have been achieved what caused some failures and what should be its future directions at such a momentous point in history it is imperative that its native and foreign constitutional authoritative voices scholarly assess the constitutional design understand the reasons for its successes and occasional failures and ventilate their views towards its progressive development to elevate it to a new height in the 21st century and beyond the book chapters discuss not only the text of the constitution and some judicial precedents rather involve in a much larger task of unveiling the interpretative approach of the

constitution from a comparative constitutional law perspective this book shall project the future roadmap for the journey of constitutionalism in bangladesh throughout all chapters offering policy recommendations for the revision of the constitution

tourism is often a key driver of economic growth in many countries the recent upward trends of tourism and hospitality education in higher academic institutions in bangladesh suggests a growing tourism sector very little has been written on bangladesh s tourism industry this is the first edited volume published from an international publisher which looks at this industry and how it has developed and flourished the book begins by looking at tourism policy planning and provides a comprehensive overview of topics from tourism products and services in bangladesh to how they are being marketed it also discusses how private and public tourism institutions can address future long term trends this book will appeal to those interested to learn more about developing tourism industry in emerging economies and may provide invaluable lessons from bangladesh s experience and success

ngos non governmental organizations have emerged in both a development and aid capacity in bangladesh providing wide reaching public services to the country s population living in extreme poverty however resistance to and limitations of ngo led development which in conjunction with bangladesh s social transformation led to a new religious based ngo development practice looking at the role of islamic ngos in bangladesh the book investigates new forms of neoliberal governmentality supported by international donors it discusses how this form of social regulation produces and reproduces subjectivities particularly muslim women subjectivity and has combined religious and economic rationality further complicating the boundaries and the relationship between islam modernity and development the book argues that both secular and islamic ngos target women in the name of empowerment but more importantly as the most reliable partners to meet their debt obligations of micro financing schemes including shari a based financing the targeted women in turn experience islamic ngos as less coercive and more sensitive to their religious environment in the rural village community than are secular ngos providing a comparative study of the role of religious and secular ngos in the implementation of neoliberal policies and development strategies this book will be a significant addition to research on south asian politics development studies gender studies and religion

this book examines the socio political histories religio political agendas and politico militant and for some non violent strategies of institutions of political islam in bangladesh focusing on jammata e islami hefazet e islam jammatul mujahedeen bangladesh jmb ansar al islam neo jammatul mujahedeen bangladesh neo jmb tablighi jamaat and islami andolon bangladesh it shows how these groups are key actors in the securitization of the postcolonial socio cultural economic and political histories and future of bangladesh the volume illustrates the complex ways in which every day lived experiences of peoples of bangladesh and securitized political and cultural pathways of state governance have shaped and impacted the histories and activities of these groups and the strategies and agendas of these groups to gain political and socio religious legitimacy within and sometimes beyond the secularized cultural landscapes of bangladesh moreover the book argues that even though these islamist groups bear the same agenda of transforming bangladesh into an islamic state their strategies are different and unique it also discusses the connections of some of these groups to other transnational institutions of political islam and extremist groups such as al qaeda and the islamic state is this book will be a major intervention in the field of politics religion and south asian studies

the apocalyptic visions of climate change that are projected in the media often involve extreme weather events disasters and mass migration of poor people this book takes a critical look at this notion drawing on research in bangladesh a country located at the heart of debates on climate change and migration this book argues that rather than leading to dramatic events climatic and environmental impacts often cause incremental changes in people s habitats and livelihoods making them migrate in search of better places and income with or without climate change climatic and environmental factors can impoverish people and drive displacement and migration especially in the global south these influences including disasters need not necessarily make people move but instead sometimes trap the poorest and the most vulnerable people in their places exposed to hazards or make them migrate to even riskier places such as crowded and flood prone urban slums this book argues that restrictions placed on people s mobility options could increase their vulnerability and favours proactive migration policies this timely contribution explains the climate hazard migration nexus in an accessible engaging language for students of geography development studies politics and environmental studies as well as humanitarian and development practitioners and policymakers

this book explores the critical linkages between indigeneity marginality and the state in bangladesh indigeneity is progressively gaining currency in politics and thereby becoming an active force in the larger context of national activism with transnational patronage and international support drawing on comprehensive and solid ethnographic accounts the book offers a broader understanding of the process of marginalisation and the emergence of new leadership among the khumi an indigenous group of bangladesh it illuminates how the khumi have realised their position on the margin of the state within the socio economic political and ethnic history of the chittagong hill tracts it also looks at how kin based social organisations and non kin based social relations become bases of power and authority as well as cooperation and reciprocity in khumi society lucid and topical the book will be of interest to scholars and researchers of indigenous studies anthropology ethnic studies sociology political sciences international relations border studies and south asian studies especially those concerned with bangladesh
