it s refreshing that this book does not simply look to advances in technology and artificial intelligence as the cause or the future of the great legal reformation through in depth case studies and vignettes mitch kowalski takes us on a tour to meet some of the trailblazers

breaking the legal service provider mould allowing us to eavesdrop on his conversations with them this is not a glimpse into the future of how he and others might see the legal world developing as the great legal reformation unfolds this is insight into the here and now into what these innovators have already envisioned and achieved these are the platforms from which yet further innovation and reformation of the market will be driven from the power and opportunity of regulatory change to enable structural change access to capital and the participation of people who happen not to be lawyers through the need to focus on efficiency continuous improvement process and project management to the enduring value of vision culture values leadership energy and employee engagement these studies and conversations inform reveal and challenge they do not present the new world through rose tinted glasses or deny the existence of risk the story of slater gordon s mixed fortunes is testament to that but they do show a different way of thinking and acting whether lawyers like it or not these are initiatives that buyers of legal services welcome stephen mayson strategic advisor to law departments legal services providers and regulators this is an indispensable handbook for any aspiring legal innovator a well researched accessible and fascinating collection of dispatches from the cutting edge of legal business professor richard susskind obe author of tomorrow s lawyers mitch kowalski shows us what the new professional world actually does look like he takes us on a tour of great britain australia and the united states and introduces us to lawyers in big firms and small serving clients both private and public the picture that emerges is of a new breed of legal service provider that embraces entrepreneurship teamwork and technology in a way that seems both unfamiliar and obvious to all lawyers dr ian holloway pc qc professor and dean of law the university of calgary this book will either give you hope or a much needed kick in the pants either way it s a win win stephen allen legal innovator hogan lovells mitch kowalski does it again diving deep inside some of the world s most innovative legal providers mitch discovers the future of law in the present a must read for anyone involved in the legal profession john chisholm leading australian legal commentator and advisor

to understand who we are and where we are going we first need to understand who we were and where we came from the history of occupational therapy the first century by drs lori t andersen and kathlyn l reed follows a chronological timeline providing discussions and reflections on the influence of various personalities politics legislation and policy economics socio cultural values technology and educational factors that led to the progressive maturation of the profession the history of occupational therapy the first century includes photographs of pioneers leaders and advocates of occupational therapy pictures of occupational therapy artifacts including newspaper clippings and historical documents maps showing historical locations in occupational therapy practice and education and sidebars that give glimpses into personalities and events features the only historical book on the profession s first 100 years scholarly book for teaching professional and personal use included with the text are online supplemental materials for faculty use in the

classroom features glimpses into occupational therapy personalities the history of occupational therapy the first century provides all occupational therapy practitioners and occupational therapy students with a historical context of the profession generous use of photographs and illustrations create a visually stimulating and scholarly book that provides the historical context of the profession from the formative stages in the 18th century to the eve of the centennial celebration in 2017 as well as a glimpse into the future history can tell us that the seeming hardship the self doubts of efficacy the searching for our roots are actually precursors for establishing a new strategic vision and plan that could put us in the forefront of progress robert bing president american occupational therapy association 1983

corporations are among the most powerful institutions of our time but they are also responsible for a wide range of harmful social and environmental impacts consequently political movements and nongovernmental organizations increasingly contest the risks that corporations pose to people and nature mining capitalism examines the strategies through which corporations manage their relationships with these critics and adversaries by focusing on the conflict over the ok tedi copper and gold mine in papua new guinea stuart kirsch tells the story of a slow moving environmental disaster and the international network of indigenous peoples advocacy groups and lawyers that sought to protect local rivers and rain forests along the way he analyzes how corporations promote their interests by manipulating science and invoking the discourses of sustainability and social responsibility based on two decades of anthropological research this book is comparative in scope showing readers how similar dynamics operate in other industries around the world
