as long as there have been fans there has been fan fiction there seems to be a fundamental human need to tell additional stories about the characters after the book series play or movie is over but developments in information technology and copyright law have put these fan stories at risk of collision with the content owners intellectual property rights fan fiction has long been a nearly invisible form of outsider art but over the past decade it has grown exponentially in volume and in legal importance because of its nature authorship and underground status fan fiction stands at an intersection of key issues regarding property sexuality and gender in fan fiction and copyright author aaron schwabach examines various types of fan created content and asks whether and

to what extent they are protected from liability for copyright infringement professor schwabach discusses examples of original and fan works from a wide range of media genres and cultures from sherlock holmes to harry potter fictional characters their authors and their fans are sympathetically yet realistically assessed fan fiction and copyright looks closely at examples of three categories of disputes between authors and their fans disputes over the fans use of copyrighted characters disputes over online publication of fiction resembling copyright work and in the case of j k rowling and a fansite webmaster a dispute over the compiling of a reference work detailing an author s fictional universe offering more thorough coverage of many such controversies than has ever been available elsewhere and discussing fan works from the united states brazil china india russia and elsewhere fan fiction and copyright advances the understanding of fan fiction as transformative use and points the way toward a safe harbor for fan fiction

this proceedings bring together contributions from researchers from academia and industry to report the latest cutting edge research made in the areas of fuzzy computing neuro computing and hybrid neuro fuzzy computing in the paradigm of soft computing the fancco 2015 conference explored new application areas design novel hybrid algorithms for solving different real world application problems after a rigorous review of the 68 submissions from all over the world the referees panel selected 27 papers to be presented at the conference the accepted papers have a good balanced mix of theory and applications the techniques ranged from fuzzy neural networks decision trees spiking neural networks self organizing feature map support vector regression adaptive neuro fuzzy inference system extreme learning machine fuzzy multi criteria decision making machine learning web usage mining takagi sugeno inference system extended kalman filter goedel type logic fuzzy formal concept analysis biclustering etc the applications ranged from social network analysis twitter sentiment analysis cross domain sentiment analysis information security education sector e learning information management climate studies rainfall prediction brain studies bioinformatics structural engineering sewage water quality movement of aerial vehicles etc

this book constitutes the refereed proceedings of the 5th international conference on pattern recognition and machine intelligence premi 2013 held in kolkata india in december 2013 the 101 revised papers presented together with 9 invited talks were carefully reviewed and selected from numerous submissions the papers are organized in topical sections on pattern recognition machine learning image processing speech and video processing medical imaging document image processing soft computing bioinformatics and computational biology and social media mining

h beam piper is one of science fiction s most enigmatic writers in 1946 piper appeared seemingly from out of nowhere already at the

top of his form he published a number of memorable short stories in the premier science fiction magazine of the time astounding science fiction under legendary editor john w campbell piper quickly became friends with many of the top writers of the day including lester del rey fletcher pratt robert heinlein and l sprague de camp piper also successfully made the turn from promising short story writer to major novelist authoring four day planet cosmic computer lord kalvan of otherwhen and little fuzzy which was nominated for a hugo award even those who counted piper among their friends knew very little about the man or his life as a railroad yard bull in altoona pennsylvania this biography illuminates h beam piper both the writer and the man and answers lingering questions about his death appendices include a number of piper s personal papers a complete bibliography of piper s works and an essay on piper s terro human future history series

a judge has declared the fuzzies to be intelligent beings guaranteeing them protection and security but someone was going to make a big profit by exploiting them and there wasn t much that could prevent the fuzzies from becoming just another extinct species on mankind s conscience

provides an annotated list of more than four thousand paperbacks including fiction poetry and books on religion art crafts sports science music history and education
