native americans suffer disproportionately from many social and health disparities high rates of poverty exposure to environmental toxins and various forms of violence all increase the risk of health problems including disabilities yet there is very little published scholarship concerning native american experiences with disabilities in collecting contributions on various aspects of disability in native american populations in one volume this book seeks to redress this lack of attention writing about regions of the united states canada and australia and spanning a diverse range of settings from remote rural areas to reservations to college campuses the authors are attentive to the impact of specific environments on their inhabitants taking into account both physical and social environment and recognizing the importance of cultural context this book is a good starting point for anyone interested in developing a better understanding of the experience of native peoples living with disabilities this book was originally published as a special issue of the journal of social work in disability rehabilitation

north america s indigenous population is a vulnerable group with specific psychological and healing needs that are not widely met in the mental health care system indigenous peoples face certain historical cultural linguistic and socioeconomic barriers to mental health care access that government health care organizations and social agencies must work to overcome this volume examines ways indigenous healing practices can complement western psychological service to meet the needs of indigenous peoples through traditional cultural concepts bringing together leading experts in the fields of aboriginal mental health and psychology it provides data and models of indigenous cultural practices in psychology that are successful with indigenous peoples it considers indigenous epistemologies in applied psychology and research methodology and informs government policy on mental health service for these populations

american indians and alaska natives have consistently experienced disparities in access to healthcare services funding and resources quality and quantity of services treatment outcomes and health education and prevention services availability accessibility and acceptability of behavioral health services are major barriers to recovery for american indians and alaska natives common factors that influence engagement and participation in services include availability of transportation and child care treatment infrastructure level of social support perceived provider effectiveness cultural responsiveness of services treatment settings geographic locations and tribal affiliations

there s religion in my marketing there s marketing in my religion selling the sacred explores the religio cultural and media implications of a two sided phenomenon marketing religion as a product and marketing products as religion what do various forms of religion marketing collaboration look like in the twenty first century and what does this tell us about american culture and society social and technological changes rapidly and continuously reframe religious and marketing landscapes crossfit is a cult televangelists use psychographics and data marketing qanon is a religion and big business these are some of the examples highlighted in this collection which engages themes related to capitalist narratives issues related to gender and race and the intersection of religion politics and marketing among other key issues the innovative contributors examine the phenomenon of selling the sacred providing a better understanding of how marketing tactics married with religious content influence our thinking and everyday lives these scholars bring to light how political economic and ideological agendas infuse the construction and presentation of the sacred via more traditional religious institutions or consumer product marketing by examining religion and marketing broadly this book offers engaging tools to recognize and unpack what gets sold as sacred what s at stake and the consequences a go to resource for those working in marketing studies religious studies and media studies selling the sacred is also a must read for religious and marketing professionals

what it means to be healthy or to heal is not universal from culture to culture from religion to religion indeed in many cultures religion and healing are intimately tied to each other in native american communities healing is conceived as the place where ideas about the body and selfhood are brought to light and expressed within healing traditions healing is defined as self making and illness as whatever compromises one s ability to be oneself this book explores religion and healing in native america emphasizing the lived experience of indigenous religious practices and their role in health and healing indigenous traditions of healing in north america emphasize that the healthy self is defined by its relationship with its human spiritual and ecological communities here crawford brings together first hand accounts personal experience and narrative observations of native american religion and healing to present a richly textured portrait of the intersection of tradition cultural revival spirituality ceremony and healing these are not descriptions of traditions isolated from their historical cultural and social context but intimately located within the communities from which they come these portraits range from discussions of pre colonial healing traditions to examples where traditional approaches exist along with other cultural traditions both native and non native at the heart of all the essays is a concern for the ways in which diverse native communities have understood what it means to be healthy and the role of spirituality in achieving wellness readers will come away with a better understanding not just of religion and healing in native american communities but of native american communities in general and how they live their lives on an everyday basis
