examining four dichotomies in spanish this book shows how to reduce the six to ten rules common in textbooks for each contrast to a single binary distinction that distinction is a form of totality vs part easier to see in some of the dichotomies but present in all of them every chapter is example driven and many of those examples come from writing by students readers can test out for themselves the explanation at work in the examples provided then those examples are explained step by step in addition to examples from writing by college students there are examples from rae real academia española from scholars from writers from corpes xxi rae from the centro virtual cervantes and from the internet many of those examples are presented to the reader as exercises and answers are provided this book was written for teachers of spanish as a second language l2 and for minors or majors of spanish as an l2 it will also benefit teachers and learners of other l2s with some of these dichotomies

this study considers italian filmmaking during the fascist era and offers an original and revealing approach to the interwar years steven ricci directly confronts a long standing dilemma faced by cultural historians while made during a period of totalitarian government these films are neither propagandistic nor openly fascist instead the italian fascist regime attempted to build ideological consensus by erasing markers of class and regional difference and by circulating terms for an imaginary national identity cinema and fascism investigates the complex relationship between the totalitarian regime and italian cinema it looks at the

films themselves the industry and the role of cinema in daily life and offers new insights into this important but neglected period in cinema history book cover
