in one of the first books in english to focus on latin american regional history distinguished historian magnus morner examines the ways in which various sectors of latin american society in different regions and at different historical periods reacted to policies of their respective states after an introductory discussion of the concept of the state and its transformation in latin america over time morner turns to a series of interrelated case studies from periods ranging from the early sixteenth century to the 1930s morner first explores the early segregation efforts of imperial spain aimed at separating white hispanic from native indian populations in colonial

spanish america and he explains why those efforts failed he discusses the incorporation of native populations into the newly established nation of venezuela from 1830 to 1860 he describes the brazilian empire s attempts at modernization through the introduction of the metric system in the 1870s and the unexpected riots that ensued among tradition minded citizens of the rural northeast and he examines government efforts of the river plate region comprising the city of buenos aires and neighboring provinces to promote european immigration to argentina

between 2010 and 2025 most of the countries of latin america will commemorate two centuries of independence and latin americans have much to celebrate at this milestone most countries have enjoyed periods of sustained growth while inequality is showing modest declines and the middle class is expanding dictatorships have been left behind and all major political actors seem to have accepted the democratic process and the rule of law latin americans have entered the digital world routinely using the internet and social media these new realities in latin america call for a new introduction to its history and culture which latin america at 200 amply provides taking a reader friendly approach that focuses on the big picture and uses concrete examples phillip berryman highlights what latin americans are doing to overcome extreme poverty and underdevelopment he starts with issues facing cities then considers agriculture and farming business the environment inequality and class race and ethnicity gender and religion his survey of latin american history leads into current issues in economics politics and governance and globalization berryman also acknowledges the ongoing challenges facing latin americans especially crime and corruption and the efforts being made to combat them based on decades of experience research and travel as well as recent studies from the world bank and other agencies latin america at 200 will be essential both as a classroom text and as an introduction for general readers

study of the role of latin america in world trade and economic relations with particular reference to interactions with the role of developed countries presents historical background material on the role of europe and role of usa in latin america etc and asserts that the failure to achieve industrialization efficiently has consolidated inequitable income distribution has constrained efficient development policy making and has led to reliance on exporting raw materials references and statistical tables

in this major work an economist with long experience as an advisor in developing countries explores the conflict between market forces and political reform that has led straight into latin america s most serious problems john sheahan addresses three central concerns the persistence of poverty in latin american countries despite rising national incomes the connection between economic troubles and political repression and the relationships between latin america and the rest of the world in trade and finance as well as overall dependence his comprehensive explanation of why many latin americans identify open political systems with frustration and economic breakdown will interest not only economists but also a broad range of other social scientists this is political economy in the classical sense of the word establishing a clear

connection between the political and economic realities of latin america

originally published in 2004 growth income distribution and labour markets are issues of pivotal importance in the latin american context examining unique theoretical issues and the empirical evidence this book provides a critical analysis of the key elements of income distribution determinants labour market functions trade policies and their interrelations as the advance of globalization becomes seemingly unstoppable this book provides an important reappraisal of the impact of this new phenomenon and in particular the pernicious impact it may have on income growth and distribution the key objective of the volume is to integrate more fully the analysis of trade and labour market economists in order to better understand the labour market and income distribution implications of globalization and international integration forty years after the early calls to appropriately investigate the micro foundations of macroeconomics the separation of the two at the policy level is more damaging than ever before particularly for developing regions this volume therefore makes an important contribution at the theoretical and policy levels by bringing together macroeconomic and microeconomic analyses

wiarda provides a new edition of a pioneering exploration of latin american political culture the authoritarian tradition and the recent transitions to democracy and the special meaning of that term in the latin american context the volume contains a provocative introduction and conclusion by the editor as well as essays by leading scholars of latin american politics and history richard morse octavio paz glen dealy peter smith and others this is a classic collection newly revised and updated

the world today series latin america offers the latest available economic demographic political and cultural information including solid statistical data expressing freedom violence and governmental orientation consideration is given to the evolving relationships with the united states and other latin american nations revisions have also addressed new historical interpretations for example of the history of mexico and latest political changes for example in venezuela and cuba maps charts and photographs provide extensive visual expressions of the region its geography peoples and cultures in particular public architecture agricultural technology specular geology and striking diversity the images offer a narrative of the multiplicity of peoples as demonstrated in their clothing economic and everyday activities their physical surroundings consequently the narrative combines global economics national politics and daily social life throughout the region the chapters can be read as individual histories for each of the countries within the context created by contrasts and similarities with the other nations of latin america

both financial and political factors impede the positive role of education in social and economic development in latin america this book argues that the inefficient operation of its education system constitutes one reason why latin america is increasingly marginal on the world scene

the world today series latin america offers the latest available economic demographic political and cultural information including solid statistical data expressing freedom violence and governmental orientation consideration is given to the evolving relationships with the united states and other latin american nations revisions have also addressed new historical interpretations for example of the history of mexico and latest political changes for example in venezuela and cuba maps charts and photographs provide extensive visual expressions of the region its geography peoples and cultures in particular public architecture agricultural technology specular geology and striking diversity the images offer a narrative of the multiplicity of peoples as demonstrated in their clothing economic and everyday activities their physical surroundings consequently the narrative combines global economics national politics and daily social life throughout the region the chapters can be read as individual histories for each of the countries within the context created by contrasts and similarities with the other nations of latin america

latin america has experienced a profound transformation in the first two decades of the 21st century it has been fully incorporated into the global economy while excluding regions and populations devalued by the logic of capitalism technological modernization has gone hand in hand with the reshaping of old identities and the emergence of new ones the transformation of latin america has been shaped by social movements and political conflicts the neoliberal model that dominated the first stage of the transformation induced widespread inequality and poverty and triggered social explosions that led to its own collapse a new model neo developmentalism emerged from these crises as national populist movements were elected to government in several countries the more the state intervened in the economy the more it became vulnerable to corruption until the rampant criminal economy came to penetrate state institutions upper middle classes defending their privileges and citizens indignant because of corruption of the political elites revolted against the new regimes undermining the model of neo developmentalism in the midst of political disaffection and public despair new social movements women youth indigenous people workers peasants opened up avenues of hope against the background of darkness invading the continent this book written by two leading scholars of latin america provides a comprehensive and up to date account of the new latin america that is in the process of taking shape today it will be an indispensable text for students and scholars in latin american studies sociology politics and media and communication studies and anyone interested in latin america today

new edition of a pioneering exploration of latin american politics and political culture

this book argues that latin america must confront two main challenges greater innovation to increase productivity and greater inclusion to incorporate more of the population into the benefits of economic growth these two tasks are interrelated and both require greater institutional capacity to facilitate both innovation and inclusion most countries in latin america are struggling to escape what economists label the middle income trap while much if not all of the

region has emerged from low income status neither growth nor productivity has increased sufficiently to enable latin america to narrow the gap separating it from the world s most developed economies although income inequality has diminished across much of the region in recent years social vulnerability remains widespread and institutional weaknesses continue to plague efforts to achieve equitable development this volume identifies lessons that can be learned and adapted from experiences within the region and in east asia where the middle income trap has largely been avoided this book is the result of a collaborative project undertaken by american university s center for latin american latino studies clals and the corporation for latin american studies cieplan in chile with financial support from the inter american development bank s office of strategic planning and development effectiveness

from the john holmes library collection

philosophy and literature in latin america presents a unique and original view of the current state of development in latin america of two disciplines that are at the core of the humanities divided into two parts each section explores the contributions of distinguished american and latin american experts and authors the section on literature includes the literary activities of latin americans working in the united states an area in which very little research has been demonstrated and for that reason will add an interesting new dimension to the field of latin american studies

since the appearance of the first edition of this text in 1974 the book has stimulated an ongoing debate about the nature of the latin american development process although the essays discuss a wide range of historical economic political and social issues they are unified in arguing that the latin american experience of development is subject to special imperatives of analysis and interpretation not generally offered in the western literature on development and social change arguing that west ern models are often inappropriate when applied to latin america the authors explore alternative approaches to understanding the latin american pattern of development and change the third edition retains classic essays from earlier editions but has been extensively revised to take account of the dramatic changes in the region over the last ten years looking particularly at the challenges presented by redemocratization and the new pluralism the book raises the question of whether a distinct tradition still remains new readings discuss the implications of u s foreign policy in latin america the changing role of the church the process of democratization and human rights issues and speculate on the permanence of latin america s more pluralistic political structures

this collection of essays on latin america traces the interplay between the public structuring and regulation of identities and the creative processes of collective identification appropriation and evasion of identities
