film and video editing theory offers an accessible introductory guide to the practices used to create meaning through editing in this book michael frierson synthesizes the theories of the most prominent film editors and scholars from herbert zettl sergei eisenstein and Noël Burch to the work of landmark hollywood editors like walter murch and edward dmytryk in so doing he maps out a set of craft principles for readers whether one is debating if a flashback reveals too much if a certain cut clarifies or obscures the space of a scene or if a shot needs to be trimmed the book is grounded in the unity of theory and practice looking beyond

technical proficiency in a specific software to explain to readers how and why certain cuts work or don't work

this commentary treats Luke Acts as an apologetic history it takes with equal seriousness Luke's literary artistry and his historical interests fitting his methods comfortably within the ancient standards of historiography

slow motion has become perhaps the least special effect in film and media a stylistic technique for showing violence dream sequences and flashbacks or other experiences outside ordinary time we see so much slow motion on our screens today that we can look past its history and forget how rare it was before the 1960s when films such as *The Wild Bunch*, *Bonnie and Clyde* and *2001: A Space Odyssey* helped it explode in popularity at a moment of cultural change and social upheaval this ambitious book tells the story of slow motion tracing a broader fascination with the uneven speeds of modern life and our ability to comprehend them downtime explores the history and aesthetics of slow motion from its origins in early film to its prominence today Mark Goble argues that the effect's sudden visibility after 1968 registers experience of modernity as a period of perpetual acceleration that somehow makes even the smallest intervals of time feel endless ranging across literature art and cinema including novels by William Faulkner Don DeLillo and W.G. Sebald as well as Robert Smithson's *Spiral Jetty* and Julie Dash's *Daughters of the Dust* he describes how writers and filmmakers depict the velocities and durations of contemporary life Goble reveals the twentieth century and its aftermath as figured in slow motion rushing past and deliriously delayed everything going fast and slow at once downtime is about time and its technologies in an accelerated world that can advance only in slow motion
