an exploration of the place of radical ideas and activity in English political and social history over three centuries its core concern is whether a long term history of radicalism can be written are the things that historians label radical linked into a single complex radical tradition or are they separate phenomena linked only by the minds and language of historians does the historiography of radicalism uncover a repressed dimension of English history or is it a construct that serves the needs of the present more than the understanding of the past the book contains a variety of answers to these questions as well as an introduction and eleven substantive chapters it also includes two afterwords which reflect on the implications of the book as a whole for the study of radicalism the distinguished list of contributors is drawn from a variety of disciplines including history political science and literary studies

the essays in this collection represent the explosion of scholarly interest since the 1960s in the pioneering feminist philosopher novelist and political theorist Mary Wollstonecraft this interdisciplinary selection which is organized by theme and genre demonstrates Wollstonecraft's importance in contemporary social political and sexual theory and in Romantic studies the book examines the reception of Wollstonecraft's vindication of the rights of woman but it also deals with the full range of her work from travel writing education religion and conduct literature to her novels letters and literary reviews as well as reproducing the most important modern Wollstonecraft scholarship the collection tracks the development of the

author's reputation from the nineteenth century the essays reprinted here from early appreciations by George Eliot, Emma Goldman, and Virginia Woolf to the work of twenty-first century scholars include many of the most influential accounts of Wollstonecraft's remarkable contribution to the development of modern political and social thought. The book is essential reading for students of Wollstonecraft and late eighteenth-century women's writing, history, and politics.

Focusing on the ways in which women writers from across the political spectrum engage with and adapt Wollstonecraft's political philosophy in order to advocate feminist reform, Andrew McInnes explores the aftermath of Wollstonecraft's death, the controversial publication of William Godwin's memoir of his wife, and Wollstonecraft's reception in the early nineteenth century. McInnes positions Wollstonecraft within the context of the eighteenth-century female philosopher figure as a literary archetype used in plays, poetry, polemic, and especially novels to represent the thinking woman and address anxieties about political, religious, and sexual heterodoxy. He provides detailed analyses of the ways in which women writers such as Mary Hays, Elizabeth Hamilton, Amelia Opie, and Maria Edgeworth negotiate Wollstonecraft's reputation as personal, political, and sexual pariah to reformulate her radical politics for a post-revolutionary Britain in urgent need of reform. Frances Burney's *The Wanderer* and Jane Austen's *Mansfield Park*, McInnes suggests, work as state-of-the-nation novels drawing on Wollstonecraft's ideas to explore a changing England. McInnes concludes with an examination of Mary Shelley's engagement with her mother throughout her career as a novelist, arguing that Shelley gradually overcomes her anxiety over her mother's stature to address Wollstonecraft's ideas with increasing confidence.

This volume explores the shaping of women philosophers in early modern Europe by focusing on the emergence and formation of female intellectual identities. In fifteen chapters, experts in history of philosophy and related fields examine the discursive conditions that shaped women's participation in the learned world, the intellectual domains that allowed women to express their thought, the ways in which women created their own intellectual identities, and how the representation of women philosophers in subsequent historiography reinforced women's marginalization. Case studies stem from the late Renaissance up to the beginning of the 19th century, ranging from Europe's south in Italy, Spain, and Portugal up to northern

europe in denmark and sweden contributors include sabrina ebbesmeyer sarah hutton paola rumore corey w dyck carme font paz anne sophie s rup wandall jacqueline broad rosa skytt burr elisabet g ransson martin fog arndal andrew janiak martina reuter matilda amundsen bergstr m and eyja m j brynjarsd ttir

this reader contains eleven essays that examine the inter play between gender and religion originally presented at the 1995 annual meeting of the society for the scientific study of religion

a seven volume set of books containing all the known published writings and translations of mary wollstonecraft who is generally recognised as the mother of the feminist movement she was also an acute observer of the political upheavals of the french revolution and advocated educational reform

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series

mary wollstonecraft is generally recognised as the most influential figure in the early feminist movement but she was also an acute observer of the political upheavals of the french revolution in which she participated and a zealous advocate of educational reform this is the only collected edition containing all the known published writings and translations

she then deployed the medical discourse of sensibility against the notion itself by insisting that the cultivation of sensibility created women who might be attractive to men but who were intellectual psychological and physical cripples the last active years before her death marked a measured return to the creed of sensibility she rehabilitated it in a form compatible to her own mature political beliefs

includes titles on all subjects some in foreign languages later incorporated into memorial library

examines the new internationalism which emerged in Europe during the enlightenment this is the study of cosmopolitanism which takes into account feminist and post colonial critiques of the enlightenment it also offers cosmopolitanism as a solution to contemporary struggles to reach a post national political identity
